

TRYING TO **WIN A GRANT** WITH A TECHNOLOGY REQUIREMENT? OR **INCREASE IMPACT** FOR A GRANT-FUNDED PROGRAM YOU'VE BEEN AWARDED?

HEADSPIN SOFTWARE CAN HELP. WE DEVELOP HIGH-QUALITY DATA SYSTEMS, APPS, AND WEBSITES FOR GRANT-FUNDED SOCIAL SERVICE PROGRAMS AT A VALUE PRICE.

PRE-AWARD PHASE

Demonstrating how to support programs with thoughtful technology solutions helps win grants. Headspin's free NPO Proposal Blueprint™ process provides:

- Needs assessment call
- Images/screen shots for proposals
- Outline of budget-reducing strategies

POST-AWARD PHASE

Delivering technology solutions that improve experiences for users, project managers, partners, and funders increases program impact. Headspin's Effect-NPO Platform™ can:

- Streamline information/data management
- Simplify tracking and reporting
- Increase visibility among stakeholders

GRANT-FUNDED PROGRAM EXPERTISE:

- Section 508 compliance
- SAM (System for Award Management) vendor
- Budget conscious

“ We have worked with hundreds of small businesses...we put HeadSpin at the top of this list for their responsiveness, innovation, cost effective strategies, and the quality of their products.

**Vice President,
Education Development Center, Inc.**

“ HeadSpin delivers high quality products on time and within budget. They are responsive to the needs of their clients, despite tight deadlines and changing project priorities.

**-Managing Director,
American Institutes for Research**
